## Comments

# Ströer To Apply IFRS 16 From 2018 Onwards

## IFRS 16 framework

- Replaces the previous standard IAS 17 – Leases
- Can come effective earliest 1<sup>st</sup> January 2018

### Application at Ströer

- Advertising contracts with private and public lessors need to be classified as „leases“ in the future
- Capitalisation of the „right of use“ by recognizing present value of the future lease payments as intangible assets
- Recognition of the obligation to make future lease payments as financial liabilities

## Comments

- Ströer among the first companies applying IFRS 16 – early adopter
- Effects higher than originally anticipated (since also public contracts are affected as well as new contracts)
- Ströer using chance of IFRS 16 application to eliminate previous IFRS 11 adjustments as well
