Combair V600
A new Swiss classic

Swiss perfection for your home. Since 1913.

In an era where the kitchen has become the heart of the home, V-ZUG is introducing the next generation of the “Combair V600” to simplify the cooking process by way of Swiss precision. Designed for effortless cooking, this new Swiss classic combines Swiss quality with modern design and straightforward operation, creating a classic oven for everyone.

From the heart of Switzerland, rooted in tradition and reliability, V-ZUG is launching the new “Combair V600”: a testament to Swiss engineering and a new classic in the realm of culinary proficiency. “Our new ‘Combair V600’ exemplifies our commitment to simplicity, efficiency and the timeless beauty of our very own design. We’ve merged traditional Swiss values with customer wishes, creating an oven that is as straightforward as it is high performing,”

states Martin von Freeden, Head of Design.

Embracing Swiss traditions for modern kitchens

The “Combair V600”, designed using the insights of V-ZUG customers, embodies the Swiss tradition of simplicity and functionality. Its user-friendly interface, including intuitive full aluminium knobs and a large-symbol touch display, ensures a seamless cooking experience. Programmes and heating modes can be selected with a simple turn of a knob. The “Combair V600” also reflects the impeccable standards of Swiss manufacturing. Selected, sustainable materials and minimalist black or white colour options exemplify V-ZUG’s commitment to its company heritage. “In creating the ‘Combair V600’, we’ve not only crafted a versatile kitchen companion but also a piece of Swiss heritage that blends modern minimalism with simple elegance and a keen eye for quality,” affirms Martin von Freeden.

Crafted for culinary passion

With its wide temperature range, adjustable from 30°up to 280°C, and user-cent-

tric design, the “Comhair V600” invites both novice cooks and culinary experts to explore their passion for cooking and baking. “Our goal was to design an oven that simplifies daily meal preparation while encouraging culinary exploration,” says Martin von Freeden. Special features like PizzaPlus and the Grill function elevate convenience and bring a new dimension to everyday dishes, ensuring professional results at home.

Swiss by origin

Excellence, precision and the legacy of craftsmanship have been at the heart of V-ZUG for 111 years. The company's enduring commitment to its Swiss roots and values, its rich history and its expansion of production within Switzerland underscore its dedication to preserving and promoting the essence of Swiss manufacturing.

Exceptional features

The new “Comhair V600” is available in a range of models in different sizes and formats, making integration into any kitchen design effortless. The “Comhair V600” is available in black or white.

Functionality meets elegance

The “Comhair V600” is designed to deliver impeccable baking results. With a broad temperature range and unmatched precision, it guarantees culinary perfection in everyday food preparation. The oven’s modern aesthetic speaks to users who appreciate the tactile satisfaction of knobs alongside a contemporary and user-friendly digital display.

Smart technology and eco-friendly design

V-ZUG’s dedication to sustainability and innovation shines through in the “Comhair V600”. Its connection to the V-ZUG app ensures the oven continues to evolve by offering updates and enhanced functionality. The optional TopClean coating guarantees effortless cleaning with just water and a mild detergent. Moreover, the “Comhair V600” features eco programmes that complement the use of recycled aluminium for the door handle, representing V-ZUG’s forward-thinking approach to eco-friendly design.

Superior ease of use

Designed in collaboration with V-ZUG customers, the newly developed interface prioritises intuitive operation. The “Comhair V600’s” generously sized TouchDisplay provides a clear overview of the temperature, time and programmes, enhancing the cooking process with easy-to-read symbols and timely updates on cooking status. User-friendly settings enhance the experience.

Advanced cooking functions

The “Comhair V600” is equipped with special functions like PizzaPlus for a crispy golden-brown crust, Grill for perfect grilling results, and functions that retain humidity in the oven for juicy meals. It also includes

eco programmes for energy conservation.
Cook, roast and bake simultaneously
The cooker combines V-ZUG's oven expertise and easy-to-operate hobs with control knobs, ensuring a seamless and efficient cooking experience. Meals with multiple side dishes can be prepared simultaneously, saving time and energy. Perfect for home chefs who want to indulge in their passion for cooking and baking without limitations.

About V-ZUG

V-ZUG is Switzerland's leading brand for household appliances and markets its products in selected premium markets abroad. The company has been developing and producing kitchen and laundry appliances in Switzerland for 111 years, while providing comprehensive service in all its markets. SIBIRGroup AG, which focuses on the nationwide all-brand servicing and retail of household appliances, is an additional member of the V-ZUG Group. The V-ZUG Group currently employs around 2,100 people.
