Second Quarter 2025

Earnings Presentation

Important Notice

This presentation has been prepared for Ares Capital Corporation ("Ares Capital") for the benefit of its public stockholders. This presentation is solely for information purposes in connection with evaluating the business, operations and financial results of Ares Capital. This presentation does not constitute, and shall not be construed as, an offer to buy or sell, or the solicitation of an offer to buy or sell, any securities of Ares Capital or any of its affiliates or subsidiaries. Nothing in this presentation constitutes the provision of tax, accounting, financial, investment, regulatory, legal or other advice by Ares Capital or any of its advisors.

This presentation may not be referenced, quoted or linked by website, in whole or in part, except as agreed to in writing by Ares Capital.

This presentation contains "forward-looking statements" which relate to future events or Ares Capital's future performance or financial condition and that are subject to risks and uncertainties. These statements are not guarantees of future performance, condition or results and involve a number of risks and uncertainties. Actual results and conditions may differ materially from those in the forward-looking statements due to the impact of many factors beyond the control of Ares Capital, including those described from time to time in Ares Capital's filings with the Securities and Exchange Commission (the "SEC"). Any forward-looking statements speak only as of the date of this presentation. Ares Capital undertakes no duty to update or revise any forward-looking statements made in this presentation.

The following slides contain summaries of certain financial and statistical information about Ares Capital. The information contained in this presentation is summary information that is intended to be considered in the context of Ares Capital's SEC filings and other public announcements that Ares Capital may make, by press release or otherwise, from time to time. In addition, this presentation contains information about Ares Capital and certain of its personnel and affiliates, and its historical performance and general information about the market. In addition, information related to the past performance of Ares Capital, or information about the market, while helpful as an evaluative tool, is not necessarily indicative of Ares Capital's future results, the achievement of which cannot be assured.

Certain information set forth herein includes estimates and targets and involves significant elements of subjective judgment and analysis. No representations are made as to the accuracy of such estimates or targets or that all assumptions relating to such estimates or targets have been considered or stated or that such estimates or targets will be realized.

Management uses certain non-GAAP financial measures, including Core Earnings Per Share ("Core EPS") to evaluate Ares Capital's performance. Ares Capital believes that Core EPS provides useful information to investors regarding financial performance because it is one method Ares Capital uses to measure its financial condition and results of operations. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP. See "Reconciliations of GAAP Net Income Per Share to Core EPS" and "Endnotes" for definitions and reconciliations of Core EPS to the most directly comparable GAAP measure. Amounts and percentages may reflect rounding adjustments and consequently totals may not appear to sum.

Certain information discussed in this presentation (including information relating to portfolio companies) was derived from third party sources and has not been independently verified and, accordingly, Ares Capital makes no representation or warranty in respect of this information and assumes no responsibility for independent verification of such information. Credit ratings are statements of opinions and are not statements of fact or recommendations to purchase, hold or sell securities. They do not address the suitability of securities or the suitability of securities for investment purposes, and should not be relied on as investment advice.

The statements contained in this presentation are made as of June 30, 2025, unless otherwise specified, and access to this presentation at any given time shall not imply that there has been no change in the facts set forth in this presentation since that date.

Note: For Additional Important Disclosure Information, please refer to the Footnotes and Endnotes of this presentation, as needed.

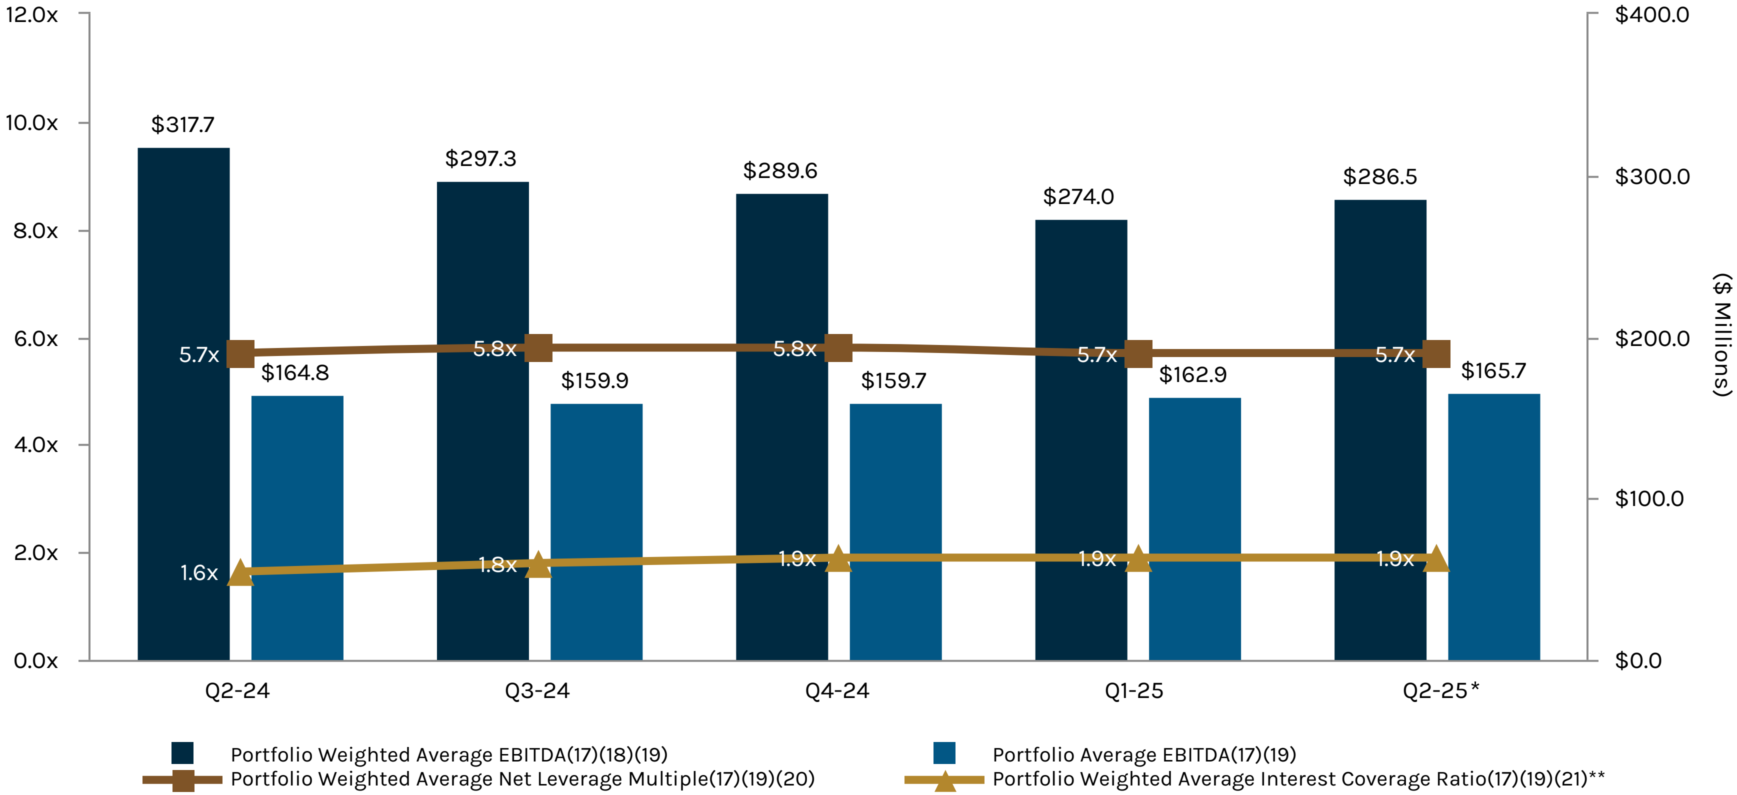
Portfolio Company EBITDA and Credit Statistics



* For the portfolio companies included in the portfolio weighted average EBITDA data above (subject to additional exclusions described in the following sentence), the weighted average EBITDA growth rate as of Q2-25 was approximately 13% on a comparable basis for the most recently reported LTM period versus prior year LTM period. In addition to those portfolio companies excluded as noted[18], this calculation excludes 68 companies where prior year comparable data was not available.[23]

** Interest coverage represents portfolio companies' LTM EBITDA as a multiple of implied annualized cash interest based on the borrowing levels and market rates at quarter end.

Reconciliations of GAAP Net Income Per Share to Core EPS

The following are reconciliations of net income per share computed in accordance with GAAP to core earnings per share:

	For the Three Months Ended				
	6/30/25	3/31/25	12/31/24	9/30/24	6/30/24
GAAP net income per share[(1)]	$ 0.52	$ 0.36	$ 0.55	$ 0.62	$ 0.52
Adjustments:					
Net realized and unrealized (gains) losses[(1)]	(0.03)	0.18	—	(0.05)	0.10
Capital gains incentive fee attributable to net realized and unrealized gains and losses[(1)]	0.01	(0.04)	—	0.01	(0.02)
Other income tax expense (including excise taxes) related to net realized gains and losses[(1)]	—	—	—	—	0.01
Core EPS[(2)]	**$ 0.50**	**$ 0.50**	**$ 0.55**	**$ 0.58**	**$ 0.61**

	For the Six Months Ended	
	6/30/25	6/30/24
GAAP net income per share[(1)]	$ 0.88	$ 1.28
Adjustments:		
Net realized and unrealized (gains) losses[(1)]	0.15	(0.11)
Capital gains incentive fee attributable to net realized and unrealized gains and losses[(1)]	(0.03)	0.02
Other income tax expense (including excise taxes) related to net realized gains and losses[(1)]	—	0.01
Core EPS[(2)]	**$ 1.00**	**$ 1.20**

ARES
ARES CAPITAL CORPORATION

Endnotes

1) Per share amounts and weighted average shares outstanding are basic and diluted. The basic and diluted weighted average shares outstanding for the three months ended June 30, 2025, March 31, 2025, December 31, 2024, September 30, 2024 and June 30, 2024 were approximately 695 million, 676 million, 655 million, 635 million and 616 million, respectively. The basic and diluted weighted average shares outstanding for the six months ended June 30, 2025 and June 30, 2024 were approximately 686 million and 603 million, respectively.
2) Core EPS is a non-GAAP financial measure. Core EPS is the net increase (decrease) in stockholders' equity resulting from operations, and excludes net realized and unrealized gains and losses, any capital gains incentive fee attributable to such net realized and unrealized gains and losses, and any income taxes (including excise taxes) related to such net realized gains and losses, divided by the basic weighted average shares outstanding for the relevant period. GAAP net income (loss) per share is the most directly comparable GAAP financial measure. Ares Capital believes that Core EPS provides useful information to investors regarding financial performance because it is one method Ares Capital uses to measure its financial condition and results of operations. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP. Reconciliations of GAAP net income per share, the most directly comparable GAAP financial measure, to Core EPS are set forth on slide 23 hereof.
3) Includes investment commitments to IHAM, a wholly-owned portfolio company of Ares Capital, or vehicles managed by IHAM. Q2-25, Q1-25, Q4-24, Q3-24 and Q2-24 include investment commitments to IHAM of $155 million, $0, $108 million, $41 million and $23 million, respectively.
4) Q2-25, Q1-25, Q4-24, Q3-24 and Q2-24 include sales of loans to IHAM or certain vehicles managed by IHAM of $577 million, $794 million, $458 million, $266 million and $0, respectively. Q2-25, Q1-25, Q4-24, Q3-24 and Q2-24 also include investment commitments repaid by IHAM of $0, $0, $136 million, $36 million and $58 million, respectively.
5) The weighted average yields on debt and other income producing securities are computed as (a) annual stated interest rate or yield earned plus the net annual amortization of original issue discount and market discount or premium earned on accruing debt and other income producing securities (including the annualized amount of the regular dividend received by Ares Capital related to its equity investment in IHAM during the most recent quarter end), divided by (b) total accruing debt and other income producing securities at amortized cost or at fair value (including the amortized cost or fair value of Ares Capital's equity investment in IHAM, as applicable), as applicable.
6) The weighted average yields on total investments are computed as (a) annual stated interest rate or yield earned plus the net annual amortization of original issue discount and market discount or premium earned on accruing debt and other income producing securities (including the annualized amount of the regular dividend received by Ares Capital related to its equity investment in IHAM during the most recent quarter end), divided by (b) total investments at amortized cost or at fair value, as applicable.
7) Computed as total principal debt outstanding less available cash divided by stockholders' equity. Available cash excludes restricted cash as well as cash held for uses specifically designated for paying interest and expenses on certain debt.
8) Computed as (a) the annual stated interest expense on Ares Capital's debt obligations divided by (b) total debt obligations at principal amount outstanding. Stated interest expense on debt excludes facility and other fees and the amortization of original issue discount or premium, market discounts and debt issuance costs. The stated interest rates on the January 2027 Notes, the March 2029 Notes, the July 2029 Notes and the September 2030 Notes reflect the floating rates paid under the interest rate swaps. See Note 6 to Ares Capital's consolidated financial statements included in the quarterly report on Form 10-Q for the quarter ended June 30, 2025 for more information on the interest rate swaps.
9) Net interest and dividend margin represents the difference between interest and dividend income (including dividend income from IHAM) and interest and credit facility fees expense for the last twelve month period divided by average total investments at amortized cost during the same period.

Endnotes (cont'd)

10) Excludes realized and unrealized gains (losses), incentive fee attributable to net realized and unrealized gains (losses) and income tax expense, including excise taxes. Fixed charges include interest and credit facility fees expense and amortization of debt issuance costs.

11) Includes portfolio companies for which there are outstanding commitments, but for which no amounts were funded at the end of the period.

12) First lien senior secured loans include certain loans that Ares Capital classifies as "unitranche" loans, which are loans that combine both senior and subordinated debt, generally in a first lien position. As of June 30, 2025, the total amortized cost and fair value of loans that Ares Capital classified as "unitranche" loans were $10.7 billion and $10.5 billion, respectively.

13) Represents Ares Capital's portion of co-investments with Varagon Capital Partners and its clients in first lien senior secured loans, including certain loans that the Senior Direct Lending Program LLC (the "SDLP") classifies as "unitranche" loans, to U.S. middle-market companies. See Note 4 to Ares Capital's consolidated financial statements included in the quarterly report on Form 10-Q for the quarter ended June 30, 2025 for more information regarding the SDLP.

14) Includes Ares Capital's subordinated loan and equity investments in IHAM, as applicable. IHAM is an asset manager and an SEC-registered investment adviser. See Note 4 to Ares Capital's consolidated financial statements included in the quarterly report on Form 10-Q for the quarter ended June 30, 2025 for more information regarding IHAM.

15) As of June 30, 2025, excluding Ares Capital's investment in the subordinated certificates of the SDLP, 99% of the floating rate investments at fair value contained interest rate floor features.

16) Represents gross commitments or fundings less commitments or investments exited, respectively.

17) The portfolio weighted average EBITDA and average EBITDA for the underlying borrowers includes information solely in respect of corporate investments in Ares Capital's portfolio and the weighted average total net leverage multiple and interest coverage ratio data includes information solely in respect of corporate portfolio companies in which Ares Capital has a debt investment (in each case, subject to the exclusions described in the following sentence). Excluded from the data above is information in respect of the following: (i) the SDLP (and the underlying borrowers in the SDLP), (ii) portfolio companies that do not report EBITDA, including IHAM, (iii) portfolio companies with negative or de minimis EBITDA, (iv) investment funds/vehicles, (v) discrete projects in the project finance/power generation sector, (vi) certain oil and gas companies, (vii) venture capital backed companies and (viii) commercial real estate finance companies. The portfolio weighted average EBITDA for the underlying borrowers in the SDLP was $98.2 million, $99.2 million, $91.5 million, $92.3 million and $98.0 million as of June 30, 2024, September 30, 2024, December 31, 2024, March 31, 2025 and June 30, 2025, respectively. The portfolio average EBITDA for the underlying borrowers in the SDLP was $88.3 million, $89.9 million, $87.5 million $86.2 million and $91.8 million as of June 30, 2024, September 30, 2024, December 31, 2024, March 31, 2025 and June 30, 2025, respectively.

18) Weighted average EBITDA amounts are weighted based on the fair value of the portfolio company investments. EBITDA amounts are estimated from the most recent portfolio company financial statements, have not been independently verified by Ares Capital and may reflect a normalized or adjusted amount. Accordingly, Ares Capital makes no representation or warranty in respect of this information.

19) EBITDA is a non-GAAP financial measure. For a particular portfolio company, EBITDA is generally defined as net income before net interest expense, income tax expense, depreciation and amortization. EBITDA amounts are estimated from the most recent portfolio company financial statements, have not been independently verified by Ares Capital and may reflect a normalized or adjusted amount. Accordingly, Ares Capital makes no representation or warranty in respect of this information.

20) The net leverage multiple represents Ares Capital's last dollar of invested debt capital (net of cash) as a multiple of EBITDA. The portfolio weighted average net leverage multiple is weighted based on the fair value of the portfolio company investments. In addition to the data presented for the entire portfolio, the weighted average net leverage multiple for the underlying borrowers in the SDLP was 6.4x, 6.4x, 6.6x, 6.4x and 6.4x as of June 30, 2024, September 30, 2024, December 31, 2024, March 31, 2025 and June 30, 2025, respectively, which excludes certain portfolio companies with negative or de minimis EBITDA. Net leverage multiples for the underlying borrowers in the SDLP represent the SDLP's last dollar of invested debt capital (net of cash) as a multiple of EBITDA. The SDLP portfolio weighted average net leverage multiple is weighted based on the fair value of the underlying portfolio company investments. Portfolio company credit statistics for Ares Capital and the SDLP are derived from the most recently available portfolio company financial statements, have not been independently verified by Ares Capital and may reflect a normalized or adjusted amount. Accordingly, Ares Capital makes no representation or warranty in respect of this information.

Endnotes (cont'd)

21) The interest coverage ratio represents portfolio companies' LTM EBITDA as a multiple of implied annualized cash interest expense based on the borrowing levels and market rates at quarter end. The portfolio weighted average interest coverage ratio is weighted based on the fair value of the portfolio company investments. In addition to the data presented for the entire portfolio, the weighted average interest coverage ratio for the underlying borrowers in the SDLP was 1.6x, 1.8x, 1.9x, 2.0x and 2.0x as of June 30, 2024, September 30, 2024, December 31, 2024, March 31, 2025 and June 30, 2025, respectively, which excludes certain portfolio companies with negative or de minimis EBITDA. The SDLP portfolio weighted average interest coverage ratio is weighted based on the fair value of the underlying portfolio company investments. Portfolio company credit statistics for Ares Capital and the SDLP are derived from the most recently available portfolio company financial statements, have not been independently verified by Ares Capital and may reflect a normalized or adjusted amount. Accordingly, Ares Capital makes no representation or warranty in respect of this information.

22) The EBITDA growth rate for each included portfolio company is calculated as the percentage change for the most recently reported fiscal year to date comparable periods and is weighted based on the fair value of the portfolio company investments to calculate the portfolio weighted average EBITDA growth rate. For a particular portfolio company, EBITDA is generally defined as net income before net interest expense, income tax expense, depreciation and amortization. EBITDA amounts used in the calculation are estimated from the most recent portfolio company financial statements, have not been independently verified by Ares Capital and may reflect a normalized or adjusted amount. Accordingly, Ares Capital makes no representation or warranty in respect of this information.

23) Based on Ares Capital's investment adviser's internal investment rating system scale from 1 to 4. Investments with a grade of 4 involve the least amount of risk to Ares Capital's initial cost basis and the trends and risk factors for these investments since origination or acquisition are generally favorable, which may include the performance of the portfolio company or a potential exit. Investments with a grade of 3 involve a level of risk to Ares Capital's initial cost basis that is similar to the risk to its initial cost basis at the time of origination or acquisition. This portfolio company is generally performing as expected and the risk factors to Ares Capital's ability to ultimately recoup the cost of its investment are neutral to favorable. Investments with a grade of 2 indicate that the risk to Ares Capital's ability to recoup the initial cost basis of such investment has increased materially since origination or acquisition, including as a result of factors such as declining performance and non-compliance with debt covenants; however, payments are generally not more than 120 days past due. Investments with a grade of 1 indicate that the risk to Ares Capital's ability to recoup the initial cost basis of such investment has substantially increased since origination or acquisition and its investment adviser does not anticipate that Ares Capital will recoup its initial cost basis and Ares Capital may realize a substantial loss on its initial cost basis upon exit. All investments or acquired investments in new portfolio companies are initially assessed a grade of 3.

24) Investment backlog includes transactions approved by Ares Capital's investment adviser's investment committee and/or for which a formal mandate, letter of intent or a signed commitment has been issued, and therefore Ares Capital believes are likely to close. The consummation of any of the investments in this backlog depends upon, among other things, one or more of the following: Ares Capital's acceptance of the terms and structure of such investment and the execution and delivery of satisfactory transaction documentation. In addition, Ares Capital may sell all or a portion of these investments and certain of these investments may result in the repayment of existing investments. Ares Capital cannot assure you that it will make any of these investments or that Ares Capital will sell all or any portion of these investments.

25) Requires periodic payments of interest and may require repayments of a portion of the outstanding principal once their respective reinvestment periods end but prior to the applicable stated maturity.

26) Subject to borrowing base and other restrictions. Represents total aggregate amount committed or outstanding, as applicable, under such instrument.

27) Represents the aggregate principal amount of the notes outstanding adjusted for the unaccreted discount or amortization of premium initially recorded at the time of issuance.

28) Effective stated interest rate as of June 30, 2025. In connection with the issuances of the January 2027 Notes, the March 2029 Notes, the July 2029 Notes, the September 2030 Notes and the March 2032 Notes, Ares Capital entered into interest rate swaps to more closely align the interest rates of such liabilities with Ares Capital's investment portfolio, which consists primarily of floating rate loans. The stated interest rates on the January 2027 Notes, the March 2029 Notes, the July 2029 Notes and the September 2030 Notes reflect the floating rates paid under the interest rate swaps. In connection with the issuance of the March 2032 Notes, Ares Capital entered into a forward-starting interest rate swap with an effective date of January 8, 2026. See Note 6 to Ares Capital's consolidated financial statements included in the quarterly report on Form 10-Q for the quarter ended June 30, 2025 for more information on the interest rate swaps.

Endnotes (cont'd)

29) See Note 5 to Ares Capital's consolidated financial statements included in the quarterly report on Form 10-Q for the quarter ended June 30, 2025 for more information regarding each of Ares Capital's secured revolving facilities. See Note 15 to Ares Capital's consolidated financial statements included in the quarterly report on Form 10-Q for the quarter ended June 30, 2025 for the subsequent events relating to the Revolving Credit Facility, Revolving Funding Facility and SMBC Funding Facility.
30) Excludes the subordinated notes issued by Ares Direct Lending CLO 1 LLC and Ares Direct Lending CLO 4 LLC, each of which are wholly owned, consolidated subsidiaries of Ares Capital, and in each case retained by Ares Capital. The interest rate represents the blended weighted average spread of the April 2036 CLO Secured Notes and October 2036 CLO Secured Loans, respectively. See Note 5 to Ares Capital's consolidated financial statements included in the quarterly report on Form 10-Q for the quarter ended June 30, 2025 for more information regarding Ares Capital's debt securitizations.
31) Declared. The third quarter 2025 regular dividend of $0.48 per share to be paid on September 30, 2025 to stockholders of record on September 15, 2025.
32) The amount of excess 2024 U.S. federal taxable income available for carry over into 2025 is only an estimate based on estimated 2024 U.S. federal taxable income. The calculation of estimated 2024 U.S. federal taxable income includes a number of estimated inputs, including information received from third parties, and as a result, actual 2024 U.S. federal taxable income will not be finally determined until Ares Capital's 2024 tax return is filed in 2025. Consequently, both 2024 U.S. federal taxable income and the amount of excess U.S. federal taxable income available for carry over into 2025 are subject to change. See Note 11 to Ares Capital's consolidated financial statements included in the annual report on Form 10-K for the year ended December 31, 2024 for more information.
33) The estimated taxable income per share carried forward from 2024 for distribution to stockholders in 2025 is based on the approximately 682 million shares outstanding as of March 14, 2025.
